

We invite the Champions League in Dance Sport to the Tyrol, Olympiaworld Innsbruck

Over the last decades, World Masters Innsbruck has built up a reputation in the dancing world – and this year for the 24th time the best of the best in dance sport will come to Innsbruck. World Masters Innsbruck has become synonymous with an elegant, high quality dancing event with perfect organization, both for the competitors and the audience.

The meaning and value that Innsbruck as venue and Ferry Polai as organizer have in the World Dance Council (WDC) is proved by the fact that over the last 20 years a total of four World Championships and one European Championship have been held in our country.

After more than a quarter of a century of high-level dance sport in the Tyrol, this year we organize the 24th World Masters on October 17 and 18, 2015 in Olympiaworld Innsbruck. Again, we expect an exciting and breathtaking competition of the world's best latin american dancers.

In addition we organize other first-class competitions such as the 4th AUSTRIAN Amateur League in Ballroom and Latin discipline or the 4th ProAm competition, where professional dancers dance with amateurs.

Also our dance school students have the opportunity to get to know dance sport and competition feeling – in the 4th Austrian Dance School Championships with international participation, held on Sunday, October 18, 2015. All students, from beginner to hobby dancer, are allowed to compete. The competition is held in both Ballroom and Latin discipline, with the Professional dancers as role models. The organizer expects many entries from Austrian dancing schools as well as the neighbouring countries.

As a special highlight of this year's event we may announce: True to the motto „200 years of the Congress of Vienna – 200 years of Viennese Waltz“ we hold a Viennese Waltz competition called „1st Waltz Cup of the Alps“ – and EVERYBODY can take part: Children, students, grown-ups and seniors are welcome to compete in the public competition. There is only one restriction to this competition: Registered dancers are not allowed to take part, but for those there's plenty of other competitions during the weekend.

We look forward to an exciting and thrilling dance sport weekend that will once again prove Innsbruck's place in the dancing world.
